

Centrifuge Tubes

15 ml | 50 ml

autoclavable
121° C | 15 min

- Elimination of contamination of sample**
 Centrifuge tube is manufactured from high clarity polypropylene, tube cap from polyethylene
 Cap design allows one hand removal of cap to prevent contamination
- Conical bottom design with screw cap**
- Easy sample identification**
 Large writing surface on tube
- Quick and simple volume check**
 Graduation marks on tube
- No loss of sample**
 Tube resists high centrifugal force and temperature variations
 Centrifuge specifications:
 up to 12.000 x g - 15 ml Centrifuge Tube
 up to 9.500 x g - 50 ml Centrifuge Tube
- Secure long term storage and preservation**
 Safe usage in a temperature range from - 80 °C to + 121 °C
- Sterile handling**
 Fully autoclavable tube

| Centrifuge Tube | Tube Height | Cat. No. | Pack Type | Sterilized | Sales Unit |
|---|-------------|------------|-----------|------------|------------|
